# About Yusto

- **We are a professional massager manufacturer** and have been engaged in this industry for 10 years. Our main products are **neck massager, massage pillow, foot massager, fascia gun** and other massager products. The products have passed **CE, KC, RoHS, PSE** and other certifications, and are very popular in Southeast Asian countries, European and American countries, and the quality of products has been praised by overseas partners.
- We focus on the development of product design, most of the products have their own appearance patent, and we can provide additional **LOGO labeling** and **gift box design** services. Most importantly, we also welcome **your early trial order of small quantity**
- **Yusto is our newly established e-commerce marketing team**, which specializes in providing marketing strategies for our factory's products, and receiving overseas partners on Alibaba International website. And it is laying the basic road for us to enter overseas markets. Yusto is a dynamic team and we believe it can provide top business services to our partners. **We look forward to you becoming one of our overseas partners.**
